

One of a Kind

Breaking Point

I've got this feeling deep inside
But what it is, I don't know
My vision starts to change
My mind gets filled with rage
I raise my fist up to the sky
What do you see! The fear I see when I look in your eyes
Makes you believe I'm one of a kind
One of a kind!
Fear I leave in the back of your mind
Makes you believe I'm one of a kind One of a kind!
One of a kind! And now I feel like I'm alive
Don't know just how I got so low
These voices in my mind
Tell me, it's killing time
And it's a thrill I can't describe
What do you see! The fear I see when I look in your eyes
Makes you believe I'm one of a kind
One of a kind!
Fear I leave in the back of your mind
Makes you believe I'm one of a kind Hey, hey, hey
One of a kind, hey, hey, hey
One of a kind, hey, hey, hey
One of a kind, hey, hey, hey The fear I see when I look in your eyes
Makes you believe, makes you believe
Fear I see in the back of your mind
Makes you believe, makes you believe The fear I see when I look in your eyes
Makes you believe I'm one of a kind
One of a kind
Fear I leave in the back of your mind
Makes you believe I'm one of a kind The fear I see when I look in your eyes
(Hey, hey, hey)
Makes you believe I'm one of a kind
(Hey, hey, hey)
One of a kind! Fear I leave in the back of your mind
(Hey, hey, hey)
Makes you believe I'm one of a kind
(Hey, hey, hey) One of a kind, hey, hey, hey
One of a kind, hey, hey, hey
One of a kind, hey, hey, hey

One of a kind, hey, hey, hey
