

# Lost And Lonely Days

Warlord

She came to me I thought I found her  
The girl of all my dreams  
And until then I did not know what  
Happiness could bring  
We laughed we cried side by side  
The summers turned to years  
But winter came the skies have grayed  
From happiness to tears She said she would never leave me  
Never let me go  
But now she's left with me this feeling  
So sad and so alone  
She went away I tried to find her  
I cried aloud her name  
I realized it was goodbye  
The heartache and the pain Why did she go away and leave me with the heartache  
Why did she leave me with the pain  
If I could tell her so I'd tell her that I love her  
And all my dreams have gone away  
These Lost and Lonely Days If you could feel the way I feel about you  
Hear the things I say  
If you could see the way I am without you  
These Lost and Lonely Days
