

# City Of Silver Dreams

## Sugarland

Windows in New York City  
All dressed up with ribbons and smiles  
Snow covers the park like a carpet  
And bills on white carriages roll by in style  
St. Patrick's cathedral's a riddle  
When the doors open wide I can see  
All of those candles burning inside  
Looks like somebody's birthday party to me  
Snowy night, catch the light, shimmer bright  
Angels seen  
Here below, children know, faces grow  
Bells they ring  
Through a city, of silver dreams  
They hung a star over 5th avenue  
Like a beacon, it's calling you home  
With our gifts we come looking for comfort  
May we find in each other we're not so alone  
Snowy night, catch the light, shining bright  
Angels seen  
Here below, children know, faces grow  
Bells they ring  
Through a city, of silver dreams  
It's like this whole town is swallow  
It's amazing  
With a taxi horn singin' Noel  
They say that this city will change you  
But it ain't me that's been changing  
From what I can tell  
Snowy night, catch the light, shining bright  
Angels seen  
Here below, children know, faces grow  
Bells they ring  
Through a city  
Through a city  
So pretty  
In this city, of silver dreams
