

Wedding Bells

Metronomy

Yeah I hear wedding bells
But they're not for you
They're for your best friend
And my best friend
Yeah I hear wedding bells
But they're not for me
They're for my best friend
And your best friend
Yeah I hear wedding bells
But they're not for you
My guitar, my guitar
My guitar, my guitar
So let's hide out
Yeah let's hide out
Yeah let's hide out
Yeah let's hide out
So let's hide out
In the darkness
Of your parents
Back garden
'Cause I hear wedding bells
Yeah I hear wedding bells
Yeah I hear wedding bells
Yeah I hear wedding bells
They're not for you
