Kickin' up Dust

Backyard Babies

Good girls go to heaven
Bad boys go to hell
And I believe in miracles
That what my Jesus saidRich man lives in whorehouse
They were always built on sin
But I swear to God that I will tell the truth
If I only knew what it wasOn your own with a bad boy smile
Mama, kickinp dust around you
On your own with a bad boy smile
I living my life without youGood girls go to heaven
Bad boys go to hell
And I believe in miracles
That what my Jesus saidRich man lives in whorehouse
They were always built on sin
But I swear to God that I will tell the truth
If I only knew what it wasOn your own with a bad boy smile
Mama, kickinp dust around you
On your own with a bad boy smile
Living my life without youOne day I found my friend
But the old-man didn know
He prayed to the lord and asked him why
He gave him a son like thisFather couldn realise
And that really made me blue
Going down on the road to paradise
With a sixpack getting drunkOn your own with a bad boy smile
Mama, kickinp dust around you
On your own with a bad boy smile
Living my life without youGood girls go to heaven
Bad boys go to hell
And I believe in miracles
That what my Jesus saidRich man lives in whorehouse
They were always built on sin
But I swear to God that I will tell the truth
If I only knew what it wasOn your own with a bad boy smile
Mama, kickinp dust around you
On your own with a bad boy smile
Living my life without youOn your own with a bad boy smile
Mama, kickinp dust around you
On your own with a bad boy smile

Living my life without you
