My Perfect

Krayzie Bone

I wake up and I can see the sun shining,
And the bright blue sky, natural high I'm vibing (Vibing),
I'm not evening going acknowledge my problems,
Today I'm just going to run and hide from them I might dodge them (dodge them),
It's kind of like my better day, finally I can celebrate,
I'm not even high but I'm Flying (Flying),
Steady rising watch me elevate, to the clouds and levitate,
I ain't even walking; I'm glidin' (glidin'),
I see the police but they speed on pass me,
Didn't even harassed me, waved at me, that was classy (man),
I see my child hood friend, but he smoking, but I don't know today it just seems like he's glowing,
And I can't believe I haven't heard a gunshot yet (nope),
I'm feeling good and I haven't drunk one shot yet,
So I say it's a wonderful day "let's parlay" who's ready to parlay, with me all day,(Chorus)
Aint nobody gonna breaking my stride, go mess with my vibe, my high, not my day,
"Perfect" my day, its "Perfect" my day, it's "Perfect" my day, my "Perfect my day,
Aint nobody gonna breaking my stride, go mess with my vibe, my high, not my day,
"Perfect" my day, its "Perfect" my day, it's "Perfect" my day, my "Perfect my day,(Verse 2)
Look up the block and I can see my partners chillin',
But they ain't slanging the rocks, they mentoring all the children,
Teaching to grow up and be real man, so there aint be no more graffiti on the buildings,
Or in the city dealings, I heard the Crips, and the bloods drop their rags,
And they decided to stick together "Word Up" I'm glade (for sure),
The vice lords, and the disciples are no longer revivals,
They realized survival only works when we unite (oh),
They say the Mexican, and black man, is (unknown) (Then alright),
White pride co-insides with the African (Man),
If I didn't know better, I swear I probably think I was dead and gone to heaven (no better),
Life is good in the air is, so pleasant, niggas that once were enemies,
Is my brethren, I don't even need to smoke weed, I'm not stressin',
This is what life supposed to be, my blessin' (blessin'),(Chorus)
Aint nobody gonna breaking my stride, go mess with my vibe, my high, not my day,
my "Perfect" my day, its "Perfect" my day, it's "Perfect" my day, my "Perfect my day,
Aint nobody gonna breaking my stride, go mess with my vibe, my high, not my day,
"Perfect" my day, its "Perfect" my day, is "Perfect" my day, my "Perfect my day,(Ending Chorus)
If this is just a dream, let me dream the way I dream,
Let me see, what I see, let me be what I want to be,
It's my day (day, day), it's my day (day, day), and it's my day (day, day), it's my day (day, day),
"It's my day", Aint nobody gonna breaking my stride, go mess with my vibe, my high, not my day,

"Perfect" my day, its "Perfect" my day, it's "Perfect" my day, my "Perfect my day,
Aint nobody gonna breaking my stride, go mess with my vibe, my high, not my day,
"Perfect" my day, its "Perfect" my day, it's "Perfect" my day, my "Perfect my day,
