

# No One Can Take Your Place

[Sam Cooke](#)

Oh, how I love you  
Every moment  
Every moment I can see your face  
Yes, I knew Oh, how I love you  
No one, no one could ever  
Never will take your place Oh, how I love you  
Every moment  
Every moment I know, I know  
I know, I see your face Oh, how I love you  
No one, no one, no one could ever  
Never will take your place, no Every morning when I rise  
I can almost see you standing before my eyes  
And every night, every night when I go to sleep  
And my prayer is our love will keep I long to see your smiling face  
I long to feel your warm embrace  
How could anyone, anyone, anyone, anyone  
Ever, ever take your place? Oh, how I love you  
Every, every, every, every moment  
I know, I know, I know, I see your Oh, how I love you  
No one, no one, no one  
Could ever, ever take your place  
Oh, how I love you
