Sycamore (feat. Honeycomb)

Space Jesus

I got a deal, man
You take me for a walk
Under the sycamore tree
The dark tree that glows baby
In the dark tree
That glows
And I'll fear you
And you'll feed me
And I'll see you in the branches that blow
In the breeze
I'll see you
In the tree
I'll see you
In the tree
Under the sycamore tree
