

The Distance Between Us

Fra Lippo Lippi

So maybe I lose my heart
Is that so much to shout about
I spent the nights counting the stars
This kind of love is not the love
That was given to us
The distance between us is everything now
Every word getting stronger
Now that I see your point of view
Every move getting weaker
Through the gestures I feel from you
No more lies could make me believe
Im helpless inside of it all
Cause in this crazy world
A pleasure those, and I don't want
I need to know where I belong
I only want to see what this has done to you and me
Afraid if I turn on with nothing at all
