Beautiful Things

Concepts

Are you okay?
Cause' a lot of things changed
Why does this keep happening?
Are you okay, wait
I don't need to hear a damn thing
That's already been said before
I had your love i don't want it no more

With nowhere to run and no way to hide
You'll fear what they see inside
Those who don't learn will burn out of spine
Rise up from the ashes of their lives

On and on,over and over again
But not this time, but not this time
I refuse to go through the motions

Everytime i try to make it out alive
You just pull me in
Now i'm tired of all the lying and fighting
Hoping and trying
I'm giving up to giving in

I live my life walking on the line
Feel like i'm running out of time
It's not like you seem to care
Stuck out in the middle of nowhere

With nowhere to run and no way to hide
You'll fear what they see inside
Those who don't learn will burn out of spine
Rise up from the ashes of their lives

Locked away in our tortured minds
We come to find that we've become
The ghost in the reflection
Am i alive or this is a lie
So tell me tell me can you feel my hearbeat

Do your worst

May your hypocritical lies
Fill with light and illuminate and burn
Lighting up the night for the sake of lessons
To be learned i'm pulling back now i want to know how
You thought this would work out
Lives were affected hearts infected
This is my confession of our disconnection

I felt this way in life too mane times and my mind
I'm a lot of love i'm bottled up nobody's home
But i still keep the lights on
And i guess it's better to know just what you want to say
But all jokes aside just open up your eyes come on just open up your eyes and see what's going on

With nowhere to run and no way to hide
You'll fear what they see inside
Those who don't learn will burn out of spine
Rise up from the ashes of their lives
