Making Judy Smile

Ride

There's a picture on the door
Madman smiling from the floor
It's a good day for a drive
If you think you will surviveJust my way of saying hi
'Cos I knew I wouldn't write
And the seat will fit one more
So there's room enough for fourYour words, they flatter me
You fill my head with tea
Please let me take it one more mileThe Galaxie may burn
If I can't make it turn
I hope I'm making Judy smileI hope I'm making Judy smile
