Scroll Call (Danny Swain's OKplayer Remix)

[Cody ChesnuTT](#)

No more, check me hell no, no more
No more, check me hell no
No more, check me hell no, no more
No more, check me hell no
Scroll call before the sun
Before Africa was a bird blameless people
Scroll of my God is true
Onto these promises and onto the faithful
Scroll call within the hour
But power good sees not one thing with a dead man
Scroll call, what more do you want now?
Besides an anointed mind and able hands
Let us build a bridge
Out of a good thing as we have in common
No more, check me hell no, no more
No more, check me hell no
No more, check me hell no, no more
No more, check me hell no
Scroll call before the books
Before the letters of the western fool Lucifer
Scroll call for thousands of years
The young have got the word right from the elder
Come, let us build a bridge
Out of a good thing as we have in common
The 2 hierarchs, the apple truth yea
Forsaken the ministry to feast before it cools down
Come back to living water to preying fast for the love of God
The love of God
The love of God
Come, let us build a bridge
Out of a good thing as we have in common
Scroll call
Sing it loud
Scroll call
Scroll call
Sing it loud
Scroll call
Come, let us build a bridge
Out of a good thing as

Build a bridge
Out of His greatness
Build a bridge
Out of a good thing as aye
Come, let us build a bridge
I said build a bridge
Build a bridge
Build it up, build it up, build it up, build it up, build it up wooh
Scroll call
Sing it loud
Scroll call
Scroll call
Sing it loud
Scroll call
Come, let us build a bridge
Out of a good thing and see
Build a bridge
Out of His greatness
Build a bridge
Out of a good thing as we have in common
Come, let us build a bridge
I said build a bridge
I said build a bridge
Build it up, build it up, build it up, build it up, build it up wooh
