

Help Me

Cortt Chavis

I'm the man on the street holding a sign
I know what it says but look in my eyes
I need more than money

I am the single mother of three
I know how it looks but please don't condemn me
I need you to reach me

Will you pray for me?
Will you speak to me?
Be moved by compassion for me?

(Chorus)
Help me, I'm falling
Does anybody hear me calling out?
I'm calling out for help

I'm in too deep
To save myself
For I'd
Save myself for I need
Someone to help me

I'm the lawyer you met
In the coffee shop
I know I seem fine
But really I'm not
My life is crashing

I'm the city you drive through
On your way to work
Can't you hear my streets crying?
Full of pain and hurt
Send me a preacher

Will you reach to me?
Please preach to me
There's not much time

(Chorus)

Will you pray for me?
Intercede for me?

Reach down to me?
Be God's hand for me?

Preach it straight to me?
Show God's word to me?

Fight hell for me?
Save my city streets?

We need a hero

(Chorus)

(Oh Oh Oh someone to help me)

Help me
I'm falling
Does anybody hear me calling out?
Oh Oh Oh

I'm calling out for help
Help

I'm in too deep
To save myself
For I'd
Save myself for I need

Someone to help me
Someone to pray for me
Someone to reach for me

(Chorus)
