

Until the Ribbon Breaks

Until The Ribbon Breaks

I dreamed that I, had lost you
I woke up, with a tearI think you left it on, my pillow case
The last time you were hereAnd we came from nowhere
 We came from nothing
 And we could go back there
If that's what it takesBut I made a promise
 That I'd try to keep you
 Until the ribbon breaks
Until the ribbon breaksI wonder why
 I came home
 More red letter, through my door
 Oh but you just came from nowhere
 We've been sleeping on the floor
I don't feel homesick anymoreSo who am I to cheat time?
 I've been trying to gauge the ending
 And you'll do just fine
 So use me 'til i'm broken,
 Like your favorite old tape
We could just play out through the summer,
Until the ribbon breaksSo who am I to cheat time
 I've been trying to guess the ending
 And you'll do just fine
 So use me 'til i'm broken,
 Like your favorite old tape
We could just play out through the summer,
 Until the ribbon breaks
