Take a Chance

Cheap Sex

you, you never listen
to what they've got to say
and sometimes, you've gotta
you've gotta just get away
down at the bar on a saturday night
teenage kicks right through the night
switchblade love, whisky suicide
stretch black jeans, feeling so alive![Chorus (x2)]
cause this is the way ...
the way it's gotta be
and when it comes time for taking a chance
why don't ya take a chance on me?
this is the way ....
the way it's gotta be
and when it comes time for taking a chance
why don't ya take a chance, come and take a chance on me.you're lookin so good with your girl by your side
the world doesn't matter to you tonight ...
so let's live our lives like we're living in sin ...
... just need you to let me in
there's no need to think about anyone else
cause tonight little girl i got you all to myself
never want to say goodnight -
when you're lookin so outta sight ....
