[Hook]

It don't matter what I'm doing, I can't think about you and I  
No I don't wanna do it, I can't think about you and I  
What the fuck am I supposed to do about you and I  
What the fuck are we supposed to do about you and I  
It don't matter what I'm doing, I can't think about you and I  
No matter what I'm doing, I can't think about you and I  
What the fuck am I supposed to do about you and I  
What the fuck are we supposed to do about you and I[Verse 1]  
I want you to know, I need you to be  
Someone for me in my life, I can't let you go  
But you cheated on me  
And now everybody thinks that you're the bad guy  
Well guess what, I think that you are baby  
I think you need some discipline baby  
And I think about you kissing him baby  
Fuck that guy, happy I don't know his name  
I'll go ahead and let him play  
And I can't try to control your brain[Hook][Verse 2]  
I'm listening, when you're asking  
What do you see, behind those eyes  
Cause I brought some shades  
But when you're away  
My love never seems to come out right  
But it's hard to remember dreams baby  
And I know you won't tell everything baby  
But you say I'm on your memory baby  
That's fine, fuck I think I know his name now  
I hope that I don't go insane now  
If so I'll have to blow his brains out[Outro][Voicemail: Anabel Englund]  
Right, I still love you  
Even though you're a fucking cunt douchebag  
And I'm sure you feel the same about me  
But, whatever, that's it
