Verona

Elemeno P

When I saw you in Verona
You sat down I moved over
Pretty people but all I saw was you
And yes it's you i'm rating
Forget the boy your dating
in my opinion he isn't right for you.

[Pre Chorus:]
And if everything goes as planned
I'd be proud to be your man.
I promise to treat you well
Heads over heels in love I fell

[CHORUS :]
She likes listening to punk rock
Melancholic in the black frock
And she smiles when she sees me
intoxicated by her company
Splendid lady, lazy Sunday afternoon
Good fortune at the bar
Verona, Verona

When I saw you in Verona
You sat down I moved over
Pretty people but all I saw was you
And I remember feeling tongue tied
As I tried to say goodbye
I was ready to fall in love with you

Now that everything's gone to plan
I am proud to be your man, your beauty lights up my world
This is how I met my girl

[CHORUS]

Verona Verona x4

[CHORUS]

Verona Verona x 8
