

Blue Dress

Una

Please donâ€™t
Let another moment pass us by
Before we talk again
Before we touch again

I wore the blue dress
You said was your favorite
You shook you sweat
Like you had a fever
When you said
You couldnâ€™t be near me
Iâ€™ understood
â€™cause Iâ€™ couldnâ€™t either

Itâ€™s senseless to deny
You from me
And me from you
Although weâ€™ll hurt again
And weâ€™ll cry again

But thatâ€™s okay
As long as itâ€™s each other we affect
And not another one
And not another one

Please donâ€™t
Let another moment pass us by
Before we laugh again
Before we love again

...Please donâ€™t

...Another

Please donâ€™t
Let another moment pass us by
Before we talk again
Before we touch again

Although weâ€™ll hurt again

And weâ€™ll cry again
Before we laugh again
Before we love again

trying to remind you...
