Burn with You

Lea Michele

We are broken
We can't fix it
There's no cure for our condition
Desperate eyes are staring at me
Should be hopeless but we're happy
It's not perfect here between us
Even angels have their demons
Trapped inside this twisted circle
It ain't right but it's eternalThere's a white light
And it's calling me
And it's promising ecstasy
But I don't wanna go to heaven
If you're going to hell
I will burn with you
I will burn with youWe're not healthy
Barely breathing
But this pain keeps my heart beating
We are lost when we're together
But I'll follow you foreverThere's a white light
And it's calling me
And it's promising ecstasy
But I don't wanna go to heaven
If you're going to hell
I will burn with you
I will burn with youI don't wanna go to heaven
If you're going to hell
I will burn with you
I will burn with youI don't wanna dream without you
I don't wanna bleed without you
I'll do anything you want me to
'Cause I know you'll burn with me too
I don't wanna dream without you
I don't wanna bleed without you
I'll do anything you want me to
'Cause I know you'll burn with me tooThere's a white light
And it's calling meI don't wanna go to heaven
If you're going to hell
I will burn with you
I will burn with youI don't wanna go to heaven

If you're going to hell
I will burn with you
I will burn with youI don't wanna dream without you
I don't wanna bleed without you
I'll do anything you want me to
'Cause I know you'll burn with me too
I don't wanna dream without you
I don't wanna bleed without you
I'll do anything you want me to
'Cause I know you'll burn with me tooThere's a white light
And it's calling me
