

Diem Be

Mike Adams at His Honest Weight

Mixed up the fall with the frame
Turned on it's head just the same
Won't help to freak out
They don't even wanna know
Got up in the seats and filled with suspense
Wrapped the sucker up and doin' it again
Won't help to freak out
They don't even wanna know
But they know...
Roll it over if you've had enough
Hard to hold me with your hands full
Whoa... whoa...Mixed up the fall with the frame
Turned on it's head just the same
Won't help to freak out
They don't even wanna know
Got up in the seats and filled with suspense
Wrapped the sucker up and doin' it again
Won't help to freak out
They don't even wanna know
But they know...
Roll it over if you've had enough
Hard to hold me with your hands full
Whoa... whoa...
Roll it over if you've had enough
Hard to hold me with your hands full
