

Feels Like Rain (LP Version)

[John Hiatt](#)

Down here the river meets the sea
And in the sticky heat I feel ya open up to me
Love comes out of nowhere, baby
Just like a hurricane And it feels like rain
And it feels like rain Lyin' underneath the stars right next to you
Wonderin' who you are and how do you do?
How do you do, baby?
When the clouds roll in across the moon
The wind howls out your name And it feels like rain
And it feels like rain
Baby, can you feel it? We ain't never gonna make
That bridge tonight, baby
Across the Ponchartrain And it feels like rain
And it feels like rain So batten down the hatches, baby
Leave your heart out on your sleeve
It looks like were in for stormy weather
That ain't no cause for us to leave
Just lie here in my arms
And let it wash away the pain Feels like rain
And it feels like rain Baby, can you feel it?
Feel it, feel it
Feel it, feel it Baby, can you feel it?
Can you feel it?
I'm gonna let your love
I'm gonna let your love
Gonna let your love rain all over me
Can you feel it, feel it?
Feels like rain
