When I Look Into Your Eyes

Pretty Poison

(Spoken)
(When I look into your eyes,
I see emotion ready to explode
When I look into your eyes,
the reflection of the mirror in your soul)

In the Dark
I see a certain spark
The flickering of candle light
The magic sheen in your eye's so clear
Oh my Darling lets make love tonight

I know its love we share
I see the passion in your stare
you touch me deep inside
every time your eyes meet mine

When I look into your eyes
I see emotion ready to explode
When I look into your eyes
The reflection of the mirror in your soul

In the night your eyes shine so bright
oh baby illuminate like fire
you get me the flames of love I'll see
only you can ignite my desire

it comes as no surprise
the look of love is in your eyes
its such a fantasy
every time you look at me

When I look into your eyes
I see emotion ready to explode

When I look into your eyes

At the reflection of the mirror in your soul

When I look into your eyes (when I look into your eyes)
At the reflection of the Love that I see in your eyes .... Ooooh

(Guitar solo)

When I look into your eyes
let your love light shine when your eyes meet mine

When I look into your eyes
I get lost in time when your eyes meet mine
when I look into your eyes

Ya ya ya ya

When I look into your eyes ... your eyes

*When I look into
When I look into
When I look into your eyes ... your eyes (*repeated till end)

when I look into your eyes...when I look into your eyes
I keep waiting for the silver blue and gold

when I look into your eyes...when I look into your eyes
at the reflection of the love that I see in your eyes

when I look into your eyes ... when I look into your eyes
I see emotion ready to explode

when I look into your eyes ... when I look into your eyes
I see reflection of the love that I see in your eyes
