I Am Yours

The Adicts

Catch me if you can
When I come your way
Catch me if you can
I'm falling like the rain
Everyday I see you
But you're so far away
Every way I love you
Don't you know I love you so
I would never ever let you go
I am yours
Whenever you want me
I am yours whenever you need me
All I do is dream of you
All through the night
Will I ever hold you
Don't you know I love you so
I would never ever let you go
