

Frostbite

Michael Learns to Rock

I'm running on empty alone in a steel cold town
The colors are fading to gray when you're not around, hey
I'm going over what you said, the words keep ringing in my head
What happened to the promises, the promises we made You gave me frostbite in my heart
'Cause you had me branded from the start
Nobody knows what I am going through
Hey baby, why, you gave me frostbite in my heart
'Cause you tore the love we had apart
Can somebody tell me now what I should do I'm driving alone with the radio on in my car
I'm staring at faces in places that used to be ours, hey
Can't you see what you do to me, I'm drowning in my misery
That fatal kiss of destiny is clinging on for evermore You gave me frostbite in my heart
'Cause you had me branded from the start
Nobody knows what I am going through
Hey baby, why, you gave me frostbite in my heart
'Cause you tore the love we had apart
Can somebody tell me now what I should do I had to let you know, I keep thinking of you
I can't let go, you know it's all that I do
I had to let you know, 'cause you are still on my mind all the time Don't leave me hanging, oh
You had me branded, branded from the start You gave me frostbite in my heart
'Cause you had me branded from the start
Nobody knows what I am going through, what i am going through, hey
Hey baby, why, you gave me frostbite in my heart
'Cause you tore the love we had apart
Can somebody tell me now what I should do Hey baby, why, why leave me hanging
You had me branded, don't keep me hanging on, no
Hey baby, why, why leave me hanging
You had me branded, don't keep me hanging on, oh
