

# The Last Night

## SheLaidToRest

You come to me with scars on your wrist  
You tell me this will be the last night  
    Feeling like this  
        I just came to say goodbye  
        Didn't want you to see me cry  
        I'm fine but I know it's a lie  
    This is the last night you'll spend alone  
    Look me in the eyes so I know you know  
        I'm everywhere you want me to be  
        The last night you'll spend alone  
    I'll wrap you in my arms and I won't let go  
        I'm everything you need me to be  
        Your parents say everything is your fault  
        But they don't know you like I know you  
        They don't know you at all  
        I'm so sick of when they say  
    It's just a phase, you'll be okay, you're fine  
        But I know it's a lie  
        This is the last night you'll spend alone  
    Look me in the eyes so I know you know  
        I'm everywhere you want me to be  
        The last night you'll spend alone  
    I'll wrap you in my arms and I won't let go  
        I'm everything you need me to be  
        The last night away from me  
    The night is so long when everything's wrong  
    If you give me your hand, I will help you hold on  
        Tonight, tonight  
        This is the last night you'll spend alone  
        Look me in the eyes so I know you know  
        I'm everywhere you want me to be  
        The last night you'll spend alone  
    I'll wrap you in my arms and I won't let go  
        I'm everything you need me to be  
        I won't let you say goodbye  
        And I'll be your reason why  
    The last night away from me, away from me
