

# The Dreaming Moon

## The Magnetic Fields

With an ivory pipe and a cummerbund  
In the dead of night on the autobahn  
With the long ago on the radio  
And the dreaming moon  
We were young and in love  
In a burning town but the fire went out  
I'm alone again now and I finally know

How cool to be cold with the dreaming moon  
I'll begin again with another new name  
And a whole new life, full of fortune and fame  
But in the 100th year, I'll be right back here  
With the dreaming moon
