Freaky Behavior

2 Live Crew

Blowfly:
"Turn over! I'ma stick it in y'ass! 'No, it's gon' hurt!'You'll get used to it."
Verse 1: Brother Marquis
Lady Godiva was a freak
By doing this a hundred years ago,
She rode buttnaked to the street
Romeo, where's Juliet?
It's all right for girls to be hoes
She's out gettin' her pussy wet
My man Samson and that bitch Delilah,
She got mad 'cause Samson tried her
All the ass was for a little head
But she played it off like she was scared
And couldn't wait to get in the sheets
Knowing all the time she was a freak
It's the devil's work, the Lord can't save ya
There's a freak in every demon
They even had sex in the Garden of Eden
We got it bad, that freaky behaviorVerse 2: Fresh Kid Ice
To some she's shy and to others she's wild
But to her daddy she's an innocent child
Not knowing what's happening when he's away
But like a bitch in heat, she's ready to play
She fucked five niggas 'till they all got sore
Then laughed in they face, and asked for more
Verse 3: Brother Marquis
A product of society with the freaky behaviorShe does what she wants, and no one can save her
Hoe, you know you're my aphrodesiac
Before you suck my dick, can you pull the skin back?
You're a dog-ass bitch doing dirty deeds
Bitch, you belong in a sex asylum
If your period's on, then fall to your knees
Every trick in the book, your dog ass has tried 'em
Blame it on your mama, 'cause it's how she raised ya
