

Danger Zone

Hellraiser

Danger, danger u gotta draw aback
Danger zone is geting Wild
Look out you are victimized
Tenacious fingers hold me tight
Pain, Pain my blood is spilling down
Bastards gonna bring me down
Life is a monstrous thriller you know
I nearly die. It makes me die
Fire, Fire gotta burn them all
I watch the desert all around
If s dry no water t be found
Strangers walking 'n the night
Knives,Knives shine so bright
Dirtybitches reach out theirhands
Begging pleading for my wallet
It makes me die
11 makes me cry
Please set me free from this slavery
Gimme a good chance to seeAnd i'll seeI shall see!..
