Swagger

Angie Johnson

Swagger

Iâ€™ve got to rid myself of all this aggravation
I need a minute to forget my situation
Throw on my boots and take it out on to the dance floor
The band is good and loud and when I hear em I just want more

I just canâ€™t get enough so I throw my hands up and shake it to the left and the right Iâ€™m groovin so much
The cowboys all around me,there checking me out, so I blow them all a kiss and show them my swag.. swagger.

They got a killer beat, there laying down a good hook
The band is feeling me so they crank up the Woop Woop!
So letâ€™s turn it up and boogy down and leave our worries for another day cause right now we ainâ€™t in no hurry

I just canâ€™t get enough so I throw my hands up and shake it to the left and the right Iâ€™m groovin so much
The cowboys all around me ,there checking me out, so I blow them all a kiss and show them my swag..
swagger, swagger.

Get your swagger on like Haggard
Everyone has got swagger.. swagger

Get your swagger on like Haggard
Everyone has got swagger.. swagger

Girls letâ€™s turn it out now get your hands up and shake it to the left and the right were groovin so much the cowboys all around us there checking us out so we blow them all a kiss and the we show them our ahh

Cowboys with there blue jeans on now get your hands up and shake it to the left and the right were groovin so much

The honey tonk is jumpin

There boots are stomping

Now look at all the country folk they really got swag
Now look at all the country folk they really got swag
