You

Neal McCoy

A light from a star shines down
Here in the dark and you're not around
A distance so far to travel alone
If we could measure what's right from wrong
I wonder could we change the past and make it better
Then I'd follow that star I've been wishing upon

[CHORUS]
I say a prayer for you tonight
You're here in my heart forever my love
I wish for your days all to be bright
No stormy weather just blue skies above
Girl I'm on your side, there'll be no sad goodbyes
You'll always be in my life
I thought lettin' go wouldn't be hard
But how could I know I'd lose my heart
How could I see all that you mean to me
Now I'm out in the cold and I don't know which way to go
I only hope that you're safe and happy somewhere
And whatever you do
Baby just know I care

[REPEAT CHORUS]

[BRIDGE]
Maybe dreams can come true
Maybe love never dies
If we can just forgive
If we could only try
You'll always be in my life
Girl I'm on your side, there'll be no sad goodbyes
You'll always be in my life
You'll always be in my life
