

Save Me

Joelle

(Verse)

I was always a simple girl
Alone in this lonely world
Never knew what I needed
What I wanted
But its you
You came into my world
You were quick to make me your girl

Yeah(Pre Chorus)

Never believed in fairytales
Never believed I'd find a knight in shining armour
What did I do to get this karma?

I can see you're letting go
I can see we've lost control
We used to be so strong
Baby where did we go wrong?(Chorus)

Why won't you save me?
I don't wanna let you go baby
I know things get crazy

Its been like
How long but
I don't think nobody can save me
I can't even look at you baby
Well how can you blame me?

Yeah I hurt you
But you just turn around and hurt me all over again(Verse)
Now we're back where we started from

Ooh
Baby this is going on too long

Yeah
How many times must you knock me down?
I can't take it any longer
Im getting weak you're getting stronger

Yeah
You heard my cries
Said goodbyes
You come home back
Why you play me like that?
Hurt me like that?

Desert me like that?
You think I'm worth that(Pre chorus)
Cause baby I can see you're letting go
I can see we've lost control
We used to be so strong
Baby where did we go wrong?(Chorus)
Why won't you save me?
I don't wanna let you go baby
I know things get crazy
Its been like
How long but
I don't think nobody can save me
I can't even look at you baby
Well how can you blame me?
Yeah I hurt you
But you just turn around and hurt me all over again(Bridge)
I can't even look at you
I can't even look at you baby
Cause you turn around and hurt me all over again
All over again
All over again
Now where did we go wrong?(Chorus)
Why won't you save me?
I don't wanna let you go baby
I know things get crazy
Its been like
How long but
I don't think nobody can save me
I can't even look at you baby
Well how can you blame me?
Yeah I hurt you
But you just turn around and hurt me all over againI can't even look at you
I can't even look at you baby
You hurt me all over again
All over again
All over again
You hurt me all over again.
