

Samurai Boy

[Tove Styrke](#)

I got drums in my galaxy
It sounds like anarchy
I fell down down down
From a coma dream
Into your arms
Oh lord can you hear my voice
Keep looking out for my samurai boy
Oh lord if you hear my voice
Keep looking out for my samurai boy
Pulling down a pyramid
Don't you know I'm such a kid
Can't remember what we did
Let's do it again
Oh lord can you hear my voice
Keep looking out for my samurai boy
I got guns in my symphony
It sounds like a melody
I fell down down down
From a cherry tree
Into your arms
