Crush (PVD Remix)

Paul van Dyk

I know you want meCan't run away, can't run away from me
I'll navigate the seven seas just to find you
Can't hide away, can't hide away from me
I'll be your shadow when the sun don't shine
I'll be your fly on the wall
Your wrecking ball
Your wake up call on a sleepless night
I'll be your cigarette smoke
Your Junkie's dope
You'll be hanging by a thread and I'll be holding the ropeCars and planes and boats won't do
Yeah you can be sure I'll find you
I know you want me
Why won't you see me?
If I suffer then you'll too
I'm not alone out in the blue
You can't escape me
I won't just disappearCan't fly away, can't fly away from me
I'll grab your wings and pull back down
Can't walk away, can't walk away from me
Can't you understand we're meant to be?
I'll be the soles on your feet
Your sticky sheet
Your big black cloud on a sunny day
I'll be your shoulder's chip
Your sinking ship
Don't try to turn the pages, it's not that easy to spitCars and planes and boats won't do
Yeah you can be sure I'll find you
I know you want me
Why won't you see me?
If I suffer then you'll too
I'm not alone out in the blue
You can't escape me
I won't just disappearDon't throw it all away
Because I'll be back for lovingI know you want me
