Too Proud

No Address

Heard that you were messing around love
I never wanted that at all
But when I come around
But baby, I know what to do
Always knew that you were leaving
Never wanted me to keep you
I'm driving round this town
Baby, I know what to do
There's always someone else
But baby, I know what to do
It's just that
You're always too proud
And when your heart starts breakin'
A little bit of love is
Is all you need
You're always too proud
And when your heart starts breakin'
A little bit of love is
Is all you need
I hear the whining cars screech by and
I listen for the song of your cry
I'm driving round this town
But baby, I know what to do
The night you stammered in your robe
I couldn't talk 'cause I was choking
Thinking of it now
Baby, I know what to do
Yeah, your biting on your lip
And baby, I know what to do
It's just that
You're always too proud
And when your heart starts breakin'
A little bit of love is
Is all you need

You're always too proud
And when your heart starts breakin'
A little bit of love is
Is all you need

Your love is curious
Yeah, it's curious
Cold and curious
Is it gone from us?
Your love is curious
Cold and curious
Your love is curious
And it is gone from us, now
You're always too proud
And when your heart starts breakin'
A little bit of love is
Is all you need
You're always too proud
And when your heart starts breakin'
A little bit of love is
Is all you need
You're always too proud
And when your heart starts breakin'
A little bit of love is
Is all you need
You're always too proud
And when your heart starts breakin'
A little bit of love
Is all you need
Is all you need
Is all you need
Now, now, is all you need
Now, now, is all you need
