Candy

Lisa Germano

Oh, yeah
It's my favorite feeling
Not there what a good place to be
Too bad it's still raining insideAlcoholSo cool
It gets better to be here
Come to when there's nothing to say
Too bad I forgot what is thinkingAlcoholSunning in the messy surroundings
Easy it's just somewhere to be
Oh, yeah there is always another
One mmmmYou look like your self from the inside
Turning into something you feel
Too bad there's this image
To live withAlcoholI'm gone
Started feeling peculiur
Oh, yeah it's my favorite thing
Too bad I got nowhere today
