

It Won't Stop

Elizabeth Gillies

We know who it's coming for
You might as well just let it in
Before it comes back again And hold your tongue
You'll never win
Take it for what it is
And turning back would be a sin
So come on, come on and I know it hurts
But it won't stop until you get there
It won't stop until the end, dear,
And now's your turn,
But it won't stop until you get there,
It won't stop until the end, dear Knocked down,
Get up again
You're getting used to the pain
Well, don't you know
These words will fade
If you just stop letting them stay Oh, now's your chance
To hit the breaks
To stand up and walk away
But oh no
It's getting late
Dragging you down to the grave I know it hurts
But it won't stop until you get there
It won't stop until the end, dear,
And now's your turn
But it won't stop until you get there
It won't stop until the end, dear I know it hurts
But it won't stop until you get there
It won't stop until the end, dear,
And now's your turn
But it won't stop until you get there
It won't stop until the end, dear I know it hurts
But it won't stop until you get there
It won't stop until the end, dear,
And now's your turn
But it won't stop until you get there
It won't stop until the end, dear It won't stop
