Lust Or Love

Scorpions

The innocence is gone but still I'm holdin' on
Searchin' for love that lasts forever
Lookin' for a place, where love can hide away
Takin' a chance, it's now or never
Maybe it's time to draw the line
There's just one thing, that's on my mind
Is it lust? Is it love?
Whatever it is, I can't get enough
Is it lust? Is it love?
When I look around, tell me who can I trust
Is it lust?
Lovers come and go
Sometimes, it's hard to know
If this will be a night to treasure
When the damage has been done
And the hurting has begun
You'll justify a moment's pleasure
Maybe it's time to draw the line
There's just one thing, that's on my mind

Is it lust? Is it love?
Whatever it is, I can't get enough
Is it lust? Is it love?
It ain't nothin' that I can't rise above
Is it lust? Is it love?
When I look around, tell me who can I trust
Is it love? Is it love?
Lust or love
Maybe it's time to draw the line
There's just one thing, that's on my mind
Is it lust? Is it love?
Whatever it is, I can't get enough
Is it lust? Is it love?
It ain't nothin' that I can't rise above
Is it lust? Is it love?
Still lookin' for more, it's never enough
Is it lust? Is it love?
When I look around, tell me who can I trust
Is it love? Is it love? Is it love?

Is it love? Is it love?
