Fly

The next morning at the camp Errand Wolfe and Rutherford stood frozen in

Awe as the famous mockingbird flew out of the sky and laid the Helping
Friendly Book at their feet. The quest for the book had dragged on for so

Many years that it's sudden appearance left the men staring in disbelief

Unsure of what their next move should be. The shock wore off quickly

Though, and Errand Wolfe shot into high gear. He snatched up the book with

One hand and the famous mockingbird with the other, and began to inform

Rutherford of his plan. He would first kill Wilson, and then put the

Helping Friendly Book to work for him

With Rutherford's aid he fastened the famous mockingbird to a pole, with

Glue and rubber bands, to insure the secrecy of his mission, and then set

Out to find the only man in Gamehendge who could handle the job of

Eliminating a King
