

# Just Like I Remember

## Bleed The Dream

You always had a way with words  
In letters back and forth we'd send  
Back when we were foolish kids  
The world was only as big as a heart And she walks just like I remember  
Like something's on her mind  
And she said that she would still remember  
When everything, everything was fine  
I wish everything was fine You thought we had it figured out  
And nothing can stop us now  
[Incomprehensible]  
I wish we were those foolish kids  
We could go back inside again We always knew this night would come  
But I could never give you up  
So just go on lying  
'Cause we can just pretend And she walks just like I remember  
Like something's on her mind  
And she said that she would still remember  
When everything, everything was fine You always knew it was the right way  
The right way to make a point in everything  
I'm gonna make up for last time  
I'm gonna make up for this  
I'm gonna wake up and rewind And she walks just like I remember  
Something's on her mind And she walks just like I remember  
Like something's on her mind  
And she said that she would still remember  
When everything, everything was fine
