

# Say What You Want to Say

## Hit the Lights

Out of friends, at an end for sure  
When you've got no side to side with you'll deal with that  
It's a waste, time it takes if you think that I  
Ever want a confession or an alibiJust say what you wanna say  
It's not gonna change anything  
You've got it wrong  
Go ahead and blame who you wanna blame  
It's not gonna change anythingSo say what you wanna say  
Say what you wanna sayTurn it on, crank it up, get what's coming to ya  
You let your friends down, let me tell you how  
Aftermath, payback 'cause talk is cheap  
You'll lose your bite trading teeth in for your enemiesSay what you wanna say  
It's not gonna change anything  
You've got it wrong  
Go ahead and blame who you wanna blame  
It's not gonna change anything  
You let your friends down, you let your friends downI take it back, take it back  
Take back every single word I wrote, word I wrote about you  
I take it back, take it back  
Take back every single time I stuck my neck out and let my guard down  
Time I could have spent on anything other than youSay what you wanna say  
It's not gonna change anything  
You've got it wrong  
Go ahead and blame who you wanna blame  
It's not gonna change anything, anythingSay what you wanna say  
It's not gonna change anything  
You've got it wrong  
Go ahead and blame who you wanna blame  
It's not gonna change anythingSay what you wanna say  
Say what you wanna say  
Say what you wanna say  
Say what you wanna say
