

Do the Dirty

Slade

[1] Hear a whistle blowin' out there somewhere
Beware a wolf a knockin' on the door.
Hear a whistle blowin' out there somewhere
Leave his sheep skin on the floorChorus Do the dirty, do the dirty, do the dirty now
Do the dirty, do the dirty, do the dirty and now
The things that we said went over their heads[2] Hear a bellow roarin' out there somewhere
Hear a bellow roarin' out there somewhere
Take his horns before it's too lateChorus R E P E A T[3] Hear no sound o'nothin' out there nowhere
Beware a snake comin' through the grass
Hear no sound o'nothin' out there nowhere
Cold as ice so let him passChorus R E P E A T
