

# Slut

## Gorilla Biscuits

See that girl  
Watch her dance  
If I knew her name  
I wouldn't have to  
Sit on my hands If my mouth don't work  
I get some help  
And she don't mind  
If I don't keep my hands  
To myself You're all right  
You put up such a good clean fight  
I'm afraid that you lose tonight Slut  
She may be a slut  
But she looks good to me You're so clean, so refined  
You don't care to get messy  
Just to have a good time She's got saggy thighs  
And baggy eyes  
But she loves me in a way  
I can still recognize
