

# Endorphins (Ft. Alex Clare) (Dismantle Remix)

## Sub Focus

Every breath I take is heavy with the thought of you

The moment I awake I'm chasing signs

Never give up, I never give up

It's never enough, it's never enough

You're not the one that's scared that the sun won't shine on meI've been holding on for some kind of miracle

I'll be right there if you're ever alone

Holding on for some kind of miracle

I'll be right there if you're ever aloneEvery step I take is heavy with the thought of you

The moments I delay will make you mine

Never give up, I never give up

It's never enough, it's never enough

You're not the one that's scared that the sun won't shine on meI've been holding on for some kind of miracle

I'll be right there if you're ever alone

Holding on for some kind of miracle

I'll be right there if you're ever aloneIf you're ever aloneAnd I'm holding

And I'm holding on

And I'm holding

And I'm holding on

And I'm holding

And I'm holding onAnd I'm holding

And I'm holding on

And I'm holding

And I'm holding

And I'm holding on

And I'm holding

And I'm holding
