All I Want Is To Be Your Girl

Holly Miranda

The days are shorter but the nights are long
We could fuck in the sun and dance till dawn
and all I want is to be your girlBlack holes in the skies to the ends of the world
Put rocks in your pocket take the boat for a whirl
and all I want is to be your girlI wasn't looking for love but she found me
I got a lot of control when you're not around meWell there's ghosts in the night and ghosts in my mind
and if we quit changing we'll be left behind
But I won't take another chance of screwing it up
so I stay where I am
But all I want is to be your girlI wasn't looking for love but she found me
And I got a lot of control when you're not around meThe days are shorter but the nights are long
We could fuck in the sun and dance till dawn
and all I want is to be your girlWell the Earth's still spinning so I'll write this tune
wherever you're walking look up at the moon
and know I want to be your girl
Lose yourself when you dream, just like when you love,
Just like when you scream
I just want, I just want
I just want to be your girl
