

# Right Dead Back On It

Darren Hayes

I've got a burning desire  
It feels like a fire burning deep in my soul  
You know its out of control  
I feel the temperature rising  
I think I'm capsizing  
Going out of my brain  
I think I'm going insane I wanna be the crick in your neck, trip in your step  
Face in the crowd that you never forget  
You're never gonna get rid of me  
Have to be removed forcibly  
I made it my mission tonight  
Scoping your vibe  
Getting some digits in the 4 1 5  
Don't want someone to make love to me  
I Just friends and then well see Right Dead Back On It  
I know where you belong  
And you just keep me holding on  
Right Dead Back On It  
I'm feeling you so strong  
So tell me how could this be wrong Just go to work on me...  
I'll go to work on you... Definitely I feel attraction  
Chemical reaction  
But how many times have i been fed this kind of lie  
You need a certain kind of man  
You need to have the upper hand  
I do not think they understand  
I am not through with my demands I need personality please  
Intellectual breeze  
Ease of conversation, not a sexual tease  
Somebody devoted to me  
Stacked with sincerity  
But you dont know me  
But i know it feels  
Take a chance on something baby  
Show me how you feel Right Dead Back On It  
I know where you belong  
And you just keep me holding on  
Right dead back on it  
Feeling you so strong

So tell me how could this be wrong Just go to work on me  
I'll go to work on you I wanna be the crick in your neck, trip in your step  
I need personality please  
Intellectual Breeze  
Take a chance on something baby  
Show me how you feel You dont know me  
I'd like to get to know you Get to know me  
Get to know me  
Get to know me  
Get to know me Right dead back on it  
I know where you belong  
And you just keep me holding on  
Right dead back on it  
Feeling you so strong  
So tell me how could this be wrong You dont know me  
I dont know you Get to know me  
Get to know me  
Get to know me  
Get to know me  
Get to know me  
Get to know me Right dead back on it  
I know where you belong  
And you just keep me holding on  
Right dead back on it  
Feeling you so strong  
So tell me how could this...[fades out]
