Liquid Lives

Hadouken!

Here's a story about a bloke named Jerry
Got slaughtered then got real lairy
In the club he acted absurd
Then came on to a boxers birdSo he got knocked out
His face swelled up like a rainbow trout
His girl found out the truth
But he couldn't explain 'cause he lost a toothI wanna drink, drink, drink, smoke, fuck, fight
I wanna shout and scream, I wanna die
I wanna be arrested, I wanna be molested
And I've damaged my brain
Next weekend let's do it againAn anecdote 'bout a man named Clive
Wasn't one to usually drink drive
But after all he'd been for a snack
His local's a bit far to walk backA month later and he's sitting in court
For the two lives he cut short
Man slaughter he's convicted
For the pain that he inflictedSpinning, my head is spinning up around, around
And down to the pub, on to the club
My stomach's turning, oh, my body's burning
Our liquid lives, this is how we all surviveHere's a story about a chap named Garth
Drank 4 pints in hour and a half
Though the night had just begun
'Cause his local pub was open till oneThe next morning out in the country
Hung over and on the hunt he
Was still drunk and pissed himself
Fell off his horse and shot himself!Spinning, my head is spinning up around, around
And down to the pub, on to the club
My stomach's turning, oh, my body's burning
Our liquid lives, this is how we all surviveCome on drink, come on drink, come on drinkOur liquid lives
Our liquid lives
Our liquid lives
Our liquid livesOur liquid lives
Our liquid lives
Our liquid lives
Our liquid livesDrink, smoke, fuck, fight
Our liquid lives
Our liquid lives
Our liquid lives
This is how we all surviveHere's a story about a girl named Kate

Got wasted then got date raped
When they told the doctors she'd seenThey found no chemicals was in her bloodstream
"Well nothing malicious but the alcohol levels were suspicious"
When asked who had hurt her, poor old Kate couldn't rememberSpinning, my head is spinning up around, around
And down to the pub, on to the club
My stomach's turning, oh, my body's burning
Our liquid lives, this is how we all surviveDrink, smoke, fuck, fight
Our liquid lives
Our liquid lives
Our liquid lives
This is how we all survive
