

Little Sin

Walk Off the Earth

Hits you once or twice, catches me again
Every time I see your face inside this little sin
Hits you once or twice, catches me again
Every time I see your face inside this little sin

Oooh... see your face inside this little sin

Oooh...

It's a long, long way from home

It's a long, long way from

I saw you once, I saw you twice, I saw you three times a day
But I can't take it, can't take you being away
I saw you once, I saw you twice, I saw you three times a day
But I can't take it, can't take you being away from me

Oooh... can't take you being away

Oooh...

It's a long, long way from home

It's a long, long way from home

It's a long, long way from home

It's a long, long way from home

Oooh... I saw you three times today

Can't stand you being away

I saw you three times today

Can't stand you being away

Can't stand you being away

It's a long

It's a long

It's a long, long way from

It's a long, long way from

you
