## 30 Minute Love Affair

## **Paloma Faith**

30 minute love affair
All in the blink of an eye
There you were standing there
I heard an angel cry
Runaway lover
I soon discovered
It was best when we left it
I'll never forget it
Our 30 minute love affair
The city lead me out one night
Through lonely streets and neon light
Searching

Again

I met a stranger singing songs Sat in that doorway I belonged

With him

Just talking.

He was so beautiful there in my dreams
I left my heart and my memories
30 minute love affair
All in the blink of an eye
There you were standing there
I heard an angel cry

Runaway lover

I soon discovered

It was best when we left it

I'll never forget it

Our 30 minute love affair

He told me he'd be there tomorrow

I knew where he led I would follow

I flew

And he knew

When I went back he had disappeared My hopeful smile had turned to tears

Let down

No sight nor sound

Sometimes it's better just to let them go Cause your illusion's more than what you could know.

30 minute love affair

All in the blink of an eye There you were standing there I heard an angel cry Runaway lover I soon discovered It was best when we left it I'll never forget it Our 30 minute love affair Falling from the sky for him I'll never Regret it He took my breath away And although it was the shortest time I'll never forget it He gave me such a beautiful lie Oh my 30 minute love affair All in the blink of an eye There you were standing there I heard an angel cry Runaway lover I soon discovered It was best when we left it Now I'll never forget it It was best when we left it Now I'll never forget it Our 30 minute love affair 30 minute love affair Our 30 minute love affair.
