Make a Little Room

Jarvis

Chorus:
Make a little room in my bed
Make a little room in my head
Make a little room in my heart
Baby I can start all over again [x2]I know you're torn
I know you are strugglin
I know you thought that your heart was only mine
But then you met him started catching feelings
And now a tug-o-war is happening in your mind
Girl you should know that it'll will never be the same if you go
(It'll never be the same yeah)
I know you think he loves but he don't
Cause he don't know you like I do
So chose before I do, I'm bout to gon head andMake a little room in my bed
Make a little room in my head
Make a little room in my heart
Baby I can start all over again [x 3]I ain't trying to push you but If you gotta go
Then you gotta go (Then you gotta go)
Girl I ain't gonna beg you stay
My pride won't let me say the words
You acting like "I love you" was something you never heard
What more can I give, you already got my heart
Maybe you want the pin to my black card
But either way you should know that
It'll will never be the same if you go
(It'll never be the same yeah)
I know you think he loves but he don't
Cause he don't know you like I do
So chose before I do cause I am about toMake a little room in my bed
Make a little room in my head
Make a little room in my heart
Baby I can start all over again [x 3]I ain't trying to push you but if you gotta go
Then you gotta go (Then you gotta go)
I prefer you stay and work it out
Because my heart beats for you no doubt
But if you chose to let us go
It can never be the same if you came back when he hurts you
Someone may already have your place
(Someone may already have your place girl)

Make a little room in my bed
Make a little room in my head
Make a little room in my heart
Baby I can start all over again [x 3]I ain't trying to push you but if you gotta go
Then you gotta go (Then you gotta go)
