I'm Coming Home

Johnny Horton

Get your face all pretty and your hair done right
Cause we're gonna do the town tonight
Well I'm comin' into town and right on time I still got your lovin' on my mindI'm a coming home I gotta make some love
I'm a coming home sweet turtle dove
I'm a coming home to make sweet love to youWell I see down the road there's a big truck stop
They got a pretty little waitress with the carrot top
She's pretty as a doll pretty as can be
But don't you worry honey she ain't nothin' to meI'm a coming home I gotta make some love
I'm a coming home sweet turtle dove
I'm a coming home to make sweet love to youWell I came to a hill and the truck looked down
Throwed in low and she's huggin' the ground
Scratchin' gears but I'm goin' again I'm comin' home baby I'm doggin' it inI'm a coming home I gotta make some love
I'm a coming home sweet turtle dove
I'm a coming home to make sweet love to youGet your face all pretty and your hair done right
Cause we're gonna do the town tonight
Well I'm comin' into town right on time I still got your lovin' on my mindI'm a coming home I gotta make some love
I'm a coming home sweet turtle dove
I'm a coming home to make sweet love to you
